Meeting your measurement and calibration requirement is our primary concern and commitment. Please feel free to contact us at 6396 7689 or email us at sales@supertronsensing.com to discuss any specific issues you may have.

- Humidity, Temperature, Multi-Gas Sensors, transmitters, data-loggers, software and wireless system
- FDA 21 CFR Part 11 Compliance temperature, humidity and pressure measuring sensors and system
- Trace moisture sensors, transmitters, analyzers and sampling systems
- Customized RTD, Thermocouple and thermistors temperature sensors and assemblies for Chillers, HVAC, Industrial & Process Measurement
- Compressed air, gas flow, energy measuring and analytical system
- Photometric NIR-UV-VIS analyzer for colour, turbidity, concentration and phase separation measurement
- GIS-GIE SF6 Analytical, Recovery and Reclaim System
- Primary reference standards equipment for temperature, humidity & trace moisture
- Stack Gas Flow/Temperature/Pressure & Liquid Flow and Level Sensor
